

REMARKS/ARGUMENTS

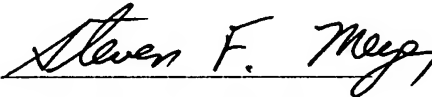

Entry of the above-amendment is respectfully requested prior to examination of the application. The above application corresponds to an application originally filed in Japanese. The above amendment revises the application as translated into English to be in a format more closely corresponding to that customarily employed in US patent practice, correct grammatical and typological errors, and eliminate multiple dependent claims.

If there are any questions, please contact the undersigned attorney for applicant.

Respectfully submitted,

MORGAN & FINNEGAN LLP
